INERT INGREDIENTS:	95.0%
(HYDROGENATED SOYBEAN, BEESWAX)	

**TOTAL:**100.0%

**NET WEIGHT (PER CANDLE)..... 9.5 oz / 270g**

**WARNING:**

**FOR OUTDOOR USE ONLY**

Never leave a burning candle unattended. Always burn within sight. Place candle so there is no danger of it lighting foliage or other things that catch fire. Keep children and pets away from the burning candle.

**DIRECTIONS:**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For best performance, burn the candle for a maximum of three hours at a time, then snuff out the flame and trim the wick to ¼ of an inch, before relighting. This ensures an even flame and longer lasting burn time. Never extinguish the candle with water. To avoid ‘tunneling’, always burn for at least 2 hours, so that the wax at the surface melts right to the edges. Allow cooling before handling or moving.

**STORAGE AND DISPOSAL:**

Store product in a cool dry place, out of reach of children. Dispose of unused candle or empty container into the trash according to local regulations.

This product is exempt from registration with the U.S. E.P.A. under FIFRA section 25(B) regulations.
